Durgapur, West Bengal

+91-6297686803 | burnwalrishav8@gmail.com | [LinkedIn](#) | [GitHub](#)

SUMMARY

Computer Science and Engineering student with a solid foundation in front-end development and software design. Proficient in HTML, CSS, JavaScript, and C++, with experience building responsive web interfaces. Developed a movie recommendation site and a financial dashboard using Power BI and SQL. Strong problem-solving skills, attention to detail, and a collaborative approach to development.

EDUCATION

Bengal College of Engineering & Technology

B.Tech -Computer Science & Engineering **CGPA - 7.4**

2021-25

Durgapur, West Bengal

Nepali Para Hindi High School

WBCHSE - Intermediate - **Percentage - 66%**

2018-20

Durgapur, West Bengal

SKILLS

Language : Java, C++, SQL, JavaScript

Framework : HTML5, CSS3

Database : MySQL

Tools : Git, GitHub, VS Code

Visualization Tool : PowerBI

PROJECTS

Movie Recommendation System | [React](#), [Node.js](#), [Express.js](#), [JavaScript](#), [CSS](#)

- Built a dynamic movie recommendation app using collaborative filtering for personalized suggestions
- Developed a responsive React front-end and integrated RESTful APIs with Node.js
- Assisted in deployment and feature testing to ensure cross-device compatibility

Credit Card Financial Dashboard | [PowerBI](#), [Excel](#), [SQL](#)

- The dashboard provides real-time insights into key credit card performance metrics.
- It integrates transaction and customer data from an SQL database for monitoring trends.
- The dashboard aids data-driven decision-making on card performance, regional contributions, and customer behavior.
